

JAGETIYA METALS

PREMIUM ALLOY & TOOL STEEL

PREMIUM ALLOY STEEL SOLUTIONS

Three decades of trusted supply in ferrous & non-ferrous metals — round bars, bright bars, forged bars and precision cutting for India's leading industries.

30+ Years of Excellence

500+ Customers

ABOUT JAGETIYA METALS

Founded in **1990** in Vadodara, Gujarat, Jagetiya Metals has grown into a cornerstone of Gujarat's steel industry — supplying premium ferrous and non-ferrous metals to industrial powerhouses across Makarpura G.I.D.C., Baroda, Por, Halol, Savali and the Panchmahal District. We combine decades of expertise with a commitment to precision, reliability and tailored procurement.

WHAT WE DO

We deliver top-tier alloy, tool and structural steels in round, bright, forged, square, flat, RCS and hex forms — backed by in-house hydraulic bandsaw cutting from 16 mm to 550 mm. Every order ships with material test certificates, and we tailor grades, sizes and cut lengths to each customer's requirement.

WHY CHOOSE US

Certified Quality — premium metals supplied with testing certificates.

Custom Dimensions — exact quantities and cut sizes to optimise your stock cost.

On-Time Delivery — stringent standards and dependable logistics.

Trusted Partner — enduring relationships built on reliability.

GRADES & SIZES WE KEEP

42CrMo4

DIN 1.7225 · EN19
AISI 4140

High-tensile chromium-molybdenum alloy steel with excellent hardenability, strength and toughness. Supplied annealed or hardened & tempered.

APPLICATIONS: Axles, shafts, gears, crankshafts, spindles, high-tensile bolts & couplings.

42CrMo7-6

Cr-Mo ALLOY
HIGH HARDENABILITY

Enriched chromium-molybdenum grade engineered for larger cross-sections and heavy-duty parts requiring deep, uniform hardness and fatigue strength.

APPLICATIONS: Heavy forgings, large shafts, dies, gear blanks & power-transmission components.

16MnCr4

DIN 1.7131
CASE-HARDENING

Chromium-manganese carburising steel delivering a hard, wear-resistant case with a tough, ductile core after case hardening.

APPLICATIONS: Gears, gudgeon pins, camshafts, bushings, small shafts & pinions.

ST52-3

DIN 17100 · S355
STRUCTURAL

Low-alloy high-tensile structural steel (ST523) with ~355 MPa yield, superb weldability and machinability for demanding fabrication.

APPLICATIONS: Machine bases, hydraulic cylinder tubes, structural & general engineering.

COMPLETE GRADE RANGE WE STOCK

The grades above are just our most-requested alloys — our ready stock spans carbon, alloy, tool, die, bearing, stainless & non-ferrous metals (full details in the Stock List):

CARBON / MILD	EN-8 · EN-8D · EN-9 · C-45 · Mild Steel (M.S.)
ALLOY	EN-19 (42CrMo4) · EN-24 · 20MnCr5 · EN-353 · EN-36 · EN-41B · EN-47 · 8620 SAE
BEARING	EN-31 (100Cr6)
TOOL & DIE	WPS / D3 (1.2080) · H11 (1.2343) · H13 (1.2344)
STAINLESS	304 · 304L · 316 · 316L · 321 · 410 · 420 · 430F · 431 · 440C · 17-4-PH
NON-FERROUS	Brass · Copper (E.C.) · Aluminium (HE30 / 6082)

Forms: Round · Bright · Forged · Square · Flat · Hex · RCS | **Sizes:** 4 – 550 mm | **Cutting:** 16 – 550 mm bandsaw

STOCK LIST — CARBON & MILD STEEL

C CARBON STEEL — EN-8 / EN-8D / C-45

GRADE & MAKE	FORM	SIZE RANGE (MM)
EN-8D VSP make	Round (rolled)	ø16 – 90
EN-8D R.L. Steel / LSR	Round (rolled)	ø85 – 210
EN-8D / C-45 imported China/Korea	Round (rolled)	ø210 – 350
EN-8 / EN-9 forging rod	Forged round	ø310 – 450
EN-8	Square	16 – 155 sq
EN-8D	Bright round	ø8 – 63
EN-8	Centreless-ground round	ø12 – 40
EN-8	Flat	6 – 50 thk × up to 250 wide

M MILD STEEL (M.S.)

GRADE & MAKE	FORM	SIZE RANGE (MM)
M.S. rolling & VSP	Bright round	ø4 – 75
M.S.	Bright hex	12 – 75 A/F
M.S.	Bright square	8 – 63 sq
M.S. rolling / VSP / imported	Black round	ø16 – 300
M.S.	Bright flat	5 – 32 thk × up to 125 wide
M.S.	Black heavy flat	32 – 50 thk × up to 200 wide

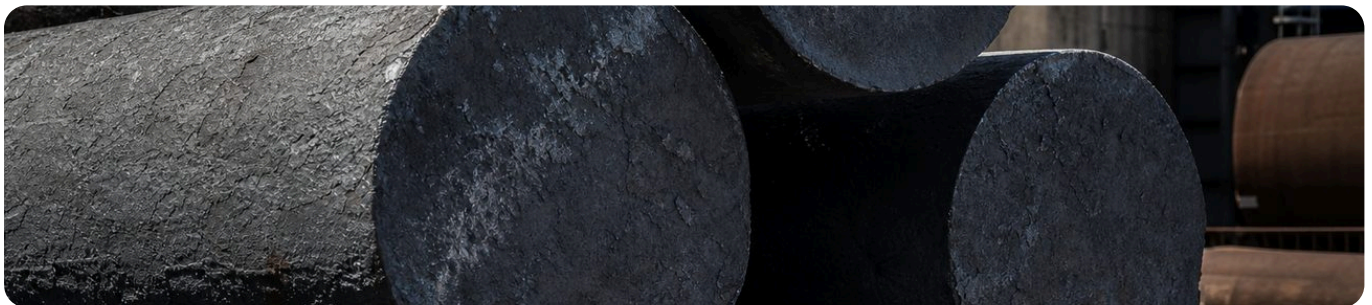

READY STOCK · ROLLED & FORGED · WITH T.C.

STOCK LIST — ALLOY, TOOL & DIE STEEL

A

ALLOY STEEL — EN SERIES

GRADE (EQUIVALENT)	FORM	SIZE RANGE (MM)
EN-19 42CrMo4 / 4140	Round · Forged	ø16 – 200 rolled · 210 – 450 forged
EN-24 34CrNiMo6 / 4340	Round · Forged	ø16 – 200 rolled · 210 – 450 forged
20MnCr5 case-hardening	Round · Forged	ø16 – 200 rolled · 210 – 450 forged
EN-353 case-hardening	Round · Forged	ø16 – 160 rolled · 150 – 350 forged
EN-31 100Cr6 bearing	Round · Forged	ø16 – 200 rolled · 160 – 450 forged

T

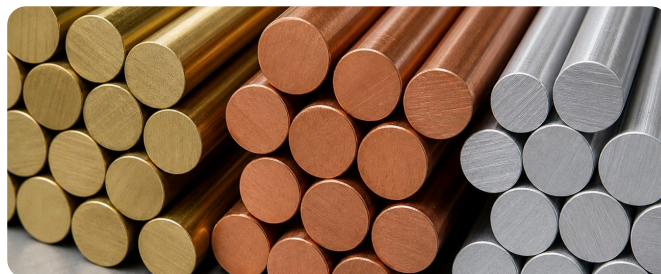

TOOL & DIE STEEL

GRADE (EQUIVALENT)	FORM	SIZE RANGE (MM)
WPS / D3 1.2080 · super forge	Round	ø8 – 75 · turn rod ø80 – 350
WPS / D3	Flat	6 – 105 thk × up to 410 wide
WPS / D3	Square	16 – 155 sq
H11 1.2343	Round · Square · Flat · Forged	as available
H13 1.2344	Round · Square · Flat · Forged	as available

STOCK LIST — SPECIAL, STAINLESS & NON-FERROUS

S ALSO STOCKIST IN — ANNEALED PRIME WITH T.C.

GRADE	CONDITION	SIZE RANGE (MM)
EN-353 · EN-36 · EN-41B · EN-47	Annealed, prime, with T.C.	ø16 – 150 rolled · 160 – 330 forged
8620 SAE	Forge rod	ø16 – 330
EN-8 & M.S.	Centreless-ground rod	on request

N STAINLESS & NON-FERROUS — WHOLESALE STOCKIST & DEALERS

METAL	GRADES	FORMS
Stainless Steel	304 · 304L · 316 · 316L · 321 · 410 · 420 · 430F · 431 · 440C · 17-4-PH	Rod
Brass	Standard	Rod · Hex · Square · Flat · Sheet
Copper	E.C. grade	Rod · Flat · Sheet
Aluminium	HE30 · 6082 grade	Rod · Flat · Hex · Square · Sheet · Roll

Full size-wise stock list available on request. Large ready stock of grades, sizes & shapes maintained for domestic supply & export.

OUR STEEL PRODUCT RANGE

BRIGHT BARS

High-precision drawn bars with exceptional surface finish and tight dimensional accuracy.

FORGED BARS

High reduction-ratio forging with controlled cooling for superior durability and stability.

ROUND · SQUARE · FLAT · HEX

Hot-rolled & forged sections in multiple grades with consistent strength and quality.

PRECISION CUTTING JOB WORK

All-type cutting on hydraulic bandsaw machines — 16 mm to 550 mm capacity.

CUSTOMERS & INDUSTRIES

From global engineering leaders to specialised manufacturers, **500+ customers** rely on Jagetiya Metals for consistent quality and dependable supply.

ABB

ALSTOM

SIEMENS

COSMOS

CONMAT

500+ & many more

INDUSTRIES WE SERVE

- ▶ Power & Energy
- ▶ Railways & Transport
- ▶ Heavy Engineering
- ▶ Automotive
- ▶ Machine Tools & Dies
- ▶ Construction Equipment
- ▶ Oil, Gas & Process
- ▶ General Fabrication

PRODUCTS WE SUPPLY TO

- ▶ Gears & Pinions
- ▶ Shafts & Axles
- ▶ Dies & Moulds
- ▶ Forgings & Flanges
- ▶ Fasteners & Bolts
- ▶ Cutting Tools
- ▶ Structural Members
- ▶ Hydraulic Components
